

# Accelerator Physics

## Lecture 9

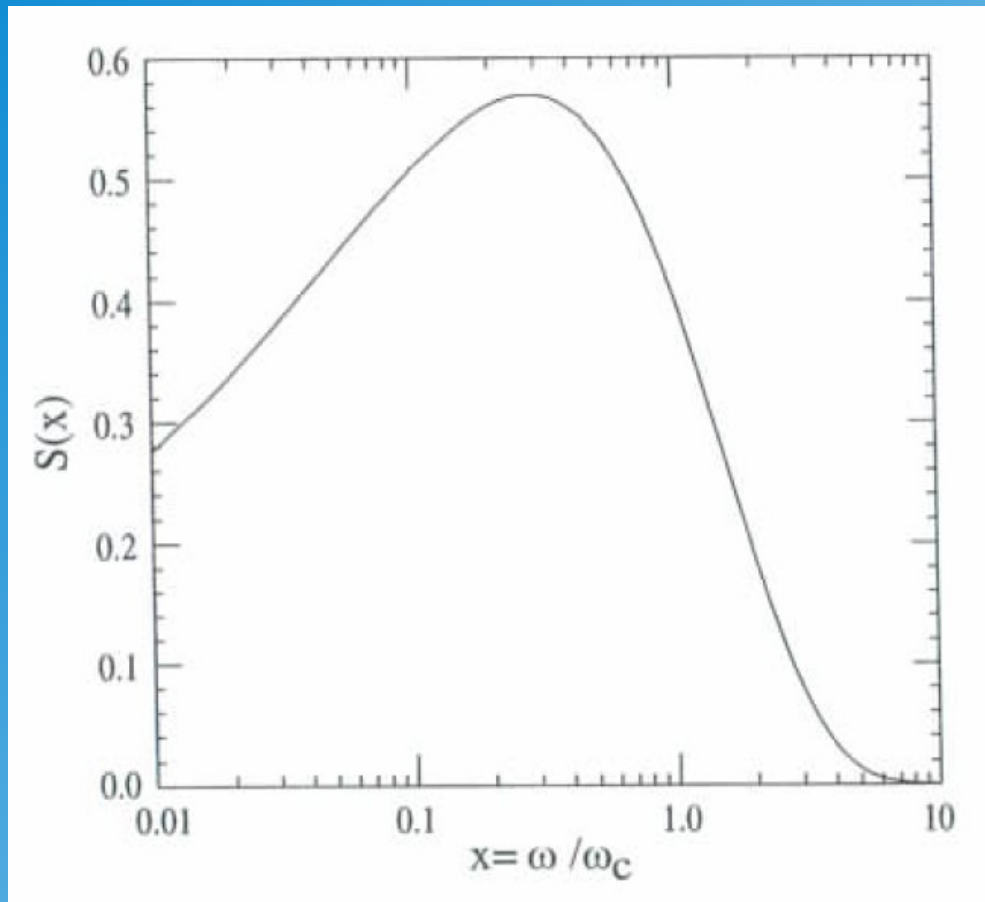

### Phase Space and Beam Cooling

- Liouville Theorem
- Adiabatic Damping
- Synchrotron Damping
- Electron Cooling

# Adiabatic Damping

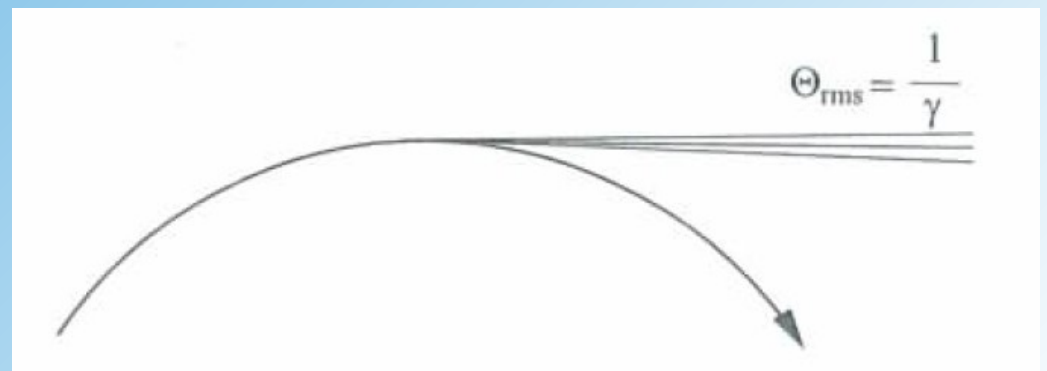

# Synchrotron Radiation Damping

photon energy spectrum

emission of light

# Electron Cooling

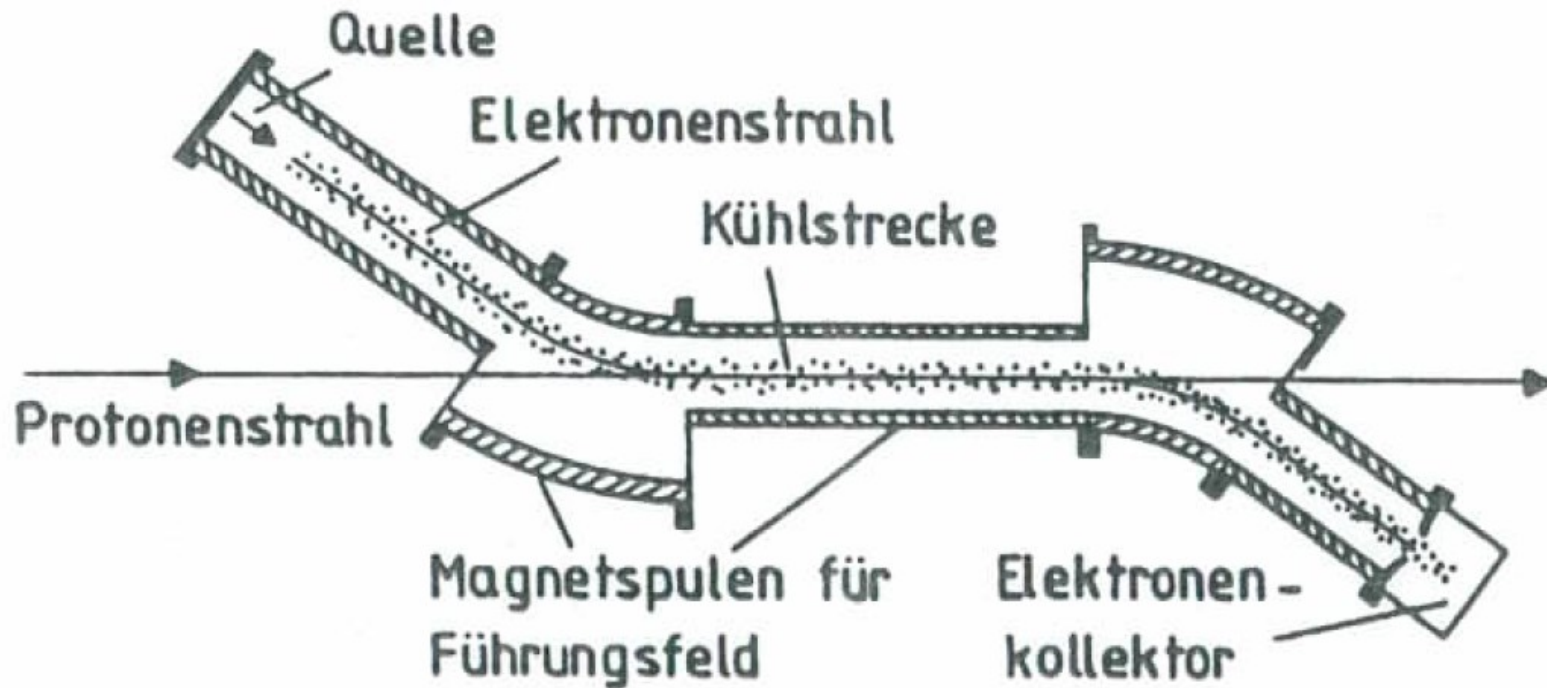

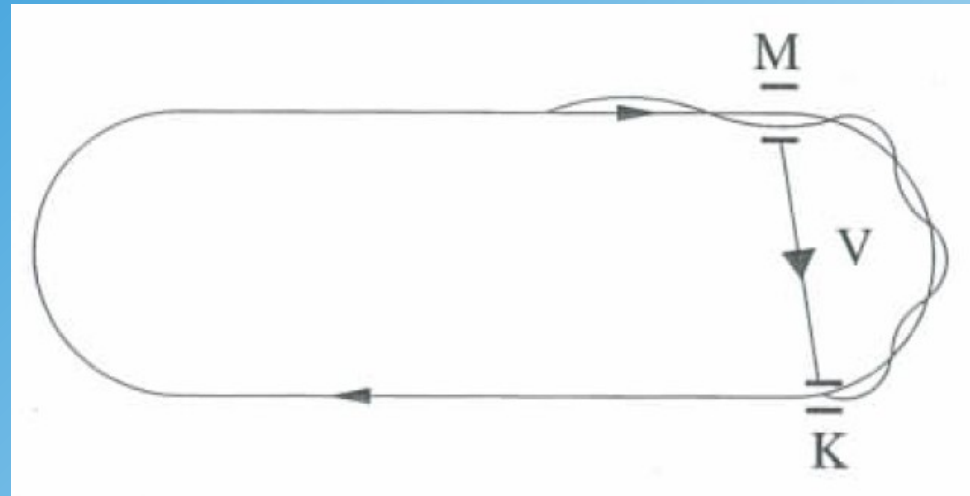

Abb. 10.5. Schema eines Elektronenkühlers. Die Länge der Kühlstrecke liegt üblicherweise bei 1 m bis 2 m

# Stochastic Cooling

M=Monitor

K = Kicker Magnet
