

“Generation of optical Schrödinger "cat" and entangled light states using intense laser-atom interactions”

**Dr. Tzallas Paraskevas
Institute of Electronic Structure and Laser
Heraklion, Griechenland**

**Mittwoch, 03.05.2023 16:15 /17:00 Uhr
Physikalisches Institut, INF 226
Konferenzräume 00.101 – 00.103**
